DANGER AFTER GRIPPE

Lies in Poor Blood, Cough and Worn-Out Condition.

Grippe, pleurisy, pneumonia are greatly to be feared at this season.

To prevent grippe from being followed by either pleurisy or pneumonia, it is important to drive the last traces of it out of the system.

Our advice is to take Vinol, our delicious cod liver and iron preparation without oil, and get your strength and vitality back quickly.

W. W. Lake of Aberdeen, Miss., says: Grippe left me weak, run-down and with a severe cough from which I suffered for a long time. I tried different remedies, but nothing seemed to do me any good until I took Vinol from which I received great benefit. My cough is almost entirely gone and I am strong and well again."

Try Vinol with the certainty that if it does not benefit you we will give back your money.

P. S. For Eczema of Scalp try our Saxo Salve. We guarantee it.

SUPERVISORS HOLD REGULAR MEETING

The Board of Supervisors met in regular session Monday, May 4th, there being present Wm. H. Brown presiding, Jas. T. Casey, John MacBain, Jos. M. Francis and D. E. Blackburn.

The following bids were opened for constructing section one of the county road leading from Belmont to the Crystal Springs lake:

Raisch Improvement Company, $14,640.33.

Clark & Henery, $13,227.48.

On motion of Francis, seconded by Blackburn, the contract was awarded to Clark & Henery, they being the lowest bidders.

The following bids were opened for constructing the road from Redwood City to Woodside:

Federal Construction Company, specifications 1, $69,764.90; specifications 2, $78,872.

Wrightson Anderson & Yost, specifications 2, $78,837.35.

Clark & Henery, specifications 1, $66,067.72; specifications 2, $70,636.08.

Raisch Improvement Company, specifications 2, $79,835.80.

H. L. Peterson, specifications 1, $89,955.50; specifications 2, $79,810.70.

It was ordered, on the suggestion of MacBain, that the awarding of a contract be deferred until afternoon.

Coroner and Public Administrator Plymire reported the disposal that had been made of the effects of certain indigent persons.

M. F. Brown, chief of the motorcycle squad reported as follows:

Officer Logan, worked fourteen days, one arrest, one conviction, fine $10.

Officer Lowans, worked fourteen days, no arrests.

Officer Brown, worked fourteen days, one arrest, two convictions, three cases pending, fines $30.

Officer Vallejo, worked twelve days, one arrest on murder charge.

Mrs. Annie Ramey of San Bruno was granted $8 per month on motion of Casey, seconded by Brown, she being in indigent circumstances.

A comunication was received from Supervisor Joseph N. Patrick of Napa county, informing the board that an amendment of the code by the last Legislature provides for the payment of supervisors' traveling expenses while attending Supervisors' State Conventions. He hoped that this would be an inducement to all the members of the board to attend the convention to be held at Merced on the 19th, 20th and 21st instant.

The communication was accepted and filed. A communication was received from Chas. D. Blaney of the State Highway Commission notifying the board that should it decide to purchase $125,000 worth of the State bonds, the money so realized would be used by the Highway Commission solely for the completion of the highway in San Mateo county.

District Attorney Swart was called upon for an opinion regarding the transaction and stated that after going thoroughly into the matter he was of the opinion that the county could not devote money that had been voted for a specific purpose to another use. In other words any part of the money that had been voted for a system of new county roads could not be used for the purchase of State bonds. The board is not prevented, however, from investing any surplus from such funds any way it chooses.

In answer to a question from MacBain, the District Attorney said there was no law to prevent the board from buying bonds at par and at once disposing of them below par, using money from the General fund, the object being to have the State highway completed through the county.

It was ordered on motion of Casey that a committee of two members of the board wait on Mr. Blaney and arrange for the purchase of $125,000 worth of the bonds and report to the board at the next meeting.

W. E. Haxeltine of San Jose sent a communication commending the excellent condition of the King's mountain road and offered a suggestion as to how the view would be improved by cutting away some brush at the summit. Accepted and ordered filed.

A communication was received from Leonora S. Duhring offering to convey to the county, a strip of land near the Johnston ranch in the Fourth township for road purposes in exchange for land granted for that use in 1909.

On motion of Francis, seconded by Casey, the communication was accepted and filed for future reference.

Casey stated that the recent storms had caused large deposits of sand on the Mission road between Holy Cross and the Jewish cemeteries. To clear the road had cost the district a large amount of money and each year the conditions are the same, which are caused by lack of drainage. The only solution, in his opinion, would be to raise the roadbed and instead of crossing under the tracks at Holy Cross, to cross at grade. He expected that the United Railroads and the cemeteries would assist in defraying the expense of the work.

It was ordered, on motion of Casey, seconded by Blackburn, that the surveyor prepare plans and specifications for making the fill, with an estimate of the cost.

The District Attorney reported that Theodore Schwerin was the owner of a franchise for an electric railroad on San Bruno avenue. Mr. Swart also stated that the Southern Pacific officials had expressed themselves as willing to give the necessary land to make the Bay Shore road sixty-six feet wide.

The District Attorney informed the board that the Miller & Lux Company was distributing elk from its private herd throughout the State. He recommended that the county apply for some of the animals to be placed on the Spring Valley preserves where they would be protected and allowed to increase.

It was ordered, on motion of Casey, seconded by MacBain, that

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

SHORTRIDGE POPULAR IN 'FRISCO

A shout of welcome followed by several minutes of continued cheering and handclapping greeted Samuel M. Shortridge, candidate for the Republican nomination for United States senator at the big Republican rally held in San Francisco on Tuesday night.

Apart from the speakers of the evening he was the only one to receive public recognition. As his tall form loomed in the doorway of the hall, someone in the audience of delegates yelled: "Sam."

In an instant the house was on its feet cheering and shouting. The applause continued as he worked his way through the throng of his admirers and broke out again with redoubled volume when, an instant later he walked on the platform.

The reception gave palpable evidence of his popularity. The delegates came from all parts of the state and th eyes of local politicians were opened to the great strength which Shortridge has throughout Califronia. They well realize his popularity in the bay cities but few magine he possessed such a tremendous hold on the affections of the people elsewhere. The women particularly were emphatic in their welcome. All of them knew that for years past, long before it had received public sanction in the State, Shortridge had stood out for equal suffrage. They recognized in him their champion during the stormy days and show no hesitancy whatever in indicating their loyalty to him.

AN ENVIABLE RECORD.

Non-partisanship in our State politics already has had an important beginning in the office of State Controller. The people have been singularly fortunate in choosing men for that post, who have been well fitted and of such character as to win general esteem. First, Controller Colgan was re-elected to the office as a candidate of both Republican and Democratic parties. Following came A. B. Nye, who likewise broke partisan opposition and was re-elected unanimously by the people of California. John S. Chambers, the present Controller, a worthy successor of his splendid predecessor, seems at this time to have gained the same regard from the people, for thus far no one has undertaken to oppose him for election in November.

No man ever, in the history of the State, gave more valuable service than did the lamented A. B. Nye. In the selection of a successor, upon the death of Mr. Nye, Governor Johnson found in Controller Chambers a personality that seems to be a duplicate of the former controller. Chambers, like Nye, followed newspaper work for many years and was called from the editorial chair into public service. He has the same indefatigable industry; the same intense earnestness; the same gentle character; the same unswerving honesty; the same resolute, broad ability and the same spirit of devotion to duty and to friends, as marked the career of the late controller.

Controller Chambers has already made a record for himself at Sacramento. As managing editor of the Sacramento Bee for several years he had learned how to grasp big things and to act quickly and surely. The office of the controller has big fiscal responsibilities in its keeping and Mr. Chambers, a few days after he had taken charge, was familiar with every detail and ready to cope with every question that came up.

If the people of California elect Chambers unanimously to succeed himself, they will have reason for self congratulation. It will be testimony that the people know a good man when they see him. A highly efficient and trustworthy public official like this is a valuable asset to the State. No opposition to him has developed thus far and it does not look as if any one will try to contest the place wiih him.

COUNCIL DETERMINES STREET WORK PLANS

Calls Issued for Bids for Extensive Paving Construction and Sewer Work.

Monday evening's session of the city council, which was attended by all of the trustees, was rather lengthy and more than usually interesting one, the meeting being enlivened by several arguments. Interest in the session began as soon as Clerk Plump had read the minutes of the previous meeting and they had been approved.

With the calling of the first order of business, Mrs. Graham, on behalf of a committee of local women renewal of the request recently made for a donation by the city to thefunds for the repair of the old gymnasium building. In presenting her request Mrs. Graham informed the council that the county supervisors had aided the fund by a donation for $500 and that the high and grammar school boards had each given $150. As an encouragement to liberality on the part of the council Mrs. Graham stated that it had been estimated that the total cost of contemplated repairs was $1500, which did not include a fund for maintenance. Chairman Merrill evinced a strong inclination to oppose the voting of city funds for the project under present conditions, not that he objected to the use of public funds for the providing of places of assembly and entertainment of the youth, but that he disliked the idea of an institution of the character being under the control of a body without public responsibility. He also strongly objected to the expenditure of so large a sum of money in the repair of an old building which was in a generally seriously delapitated condition. After considerable argument along these lines, Trustee Steinberger of the grammar school board informed the council that the expenditure of all moneys and the control of the uses of the building would at all times be under the supervision of the school board. Following this information, Trustee Habir suggested that it had been tacitly understood for some time that the council would donate $150 to the purpose and moved that that sum be appropriated. At the suggestion of Trustee Sampson the motion was amended to make the amount $200 and in this form was carried.

With this question disposed of, there was opened for another lively tilt by a committee representing the property owners of Redwood Highlands, who called attention to what they termed the rather dilapitated condition of the streets of that section. While the committee insisted that the streets were in bad repair and needed immediate attention, they quite as strongly objected to any further improvements being made at the expense of the property owners, many of whom have not yet completed payment of the cost of the original work. While the committee was assured that it was not the intention of the council to force general improvements over the objection of owners of property concerned, it was seemingly the general opinion of the trustees that much of the trouble was due to the character of pavement laid, which was of an inexpensive character, and that slight further improvements, which could be made at small cost to owners of property, would ultimately prove a measure of economy. These suggestions seemed to be leading to a rather acrimonious line of argument from some of the members of the committee when Chairman Merrill put a quietus on the talk by referring the question to the street committee and Street Superintendent with a suggestion that they confer with the committee and formulate a plan which might be acceptable to all and report with an estimate of the cost at the next meeting

Street Superintendent Dickey reported that the main sewer under the bridge on Broadway had become so decayed from long usage as to require immediate renewal. As the matter was unusually urgent he had ordered the necessary material without the delay of awaiting authority. The action of the Street Commissioner was approved and he was given authority to proceed with the work without delay.

An invitation to attend the meeting of the Bay Cities Branch of the League of California Municipalities at San Jose today was accepted and Trustee Tuchsen and Sampson were named as delegates.

The protest of Mrs. Pitcher against the laying of a main sewer in Jefferson avenue was denied, it appearing that she did not represent a majority of the frontage in question, and that the work was necessary.

Following the denial of this protest, a resolution was adopted ordering finally the laying of sewers in the district west of the County road and the Clerk was directed to advertise for bids for the doing of the work, the bids to be opened Thursday evening, May 21st.

No protests were made against the proposed work on Whipple avenue and resolutions were adopted ordering the construction of sewer mains and the laying of oil macadam pavement and curbs in that district Bids for this work were also called for, to be opened at the same date.

The clerk was instructed to advertise for bids for a carload of pipe for water mains on the report of Street Superintendent Dickey that the material was required for use in the district which it was intended to pave west of the County road.

Following recommendations made some time ago by the sanitary experts, the following were named as a board of health: Dr. J. L. Ross, Dr. J. E. Chapin, Chief Winter of the fire department, City Marshal Coleman, City Engineer Sears and Trustee Sampson.

J. F. Ford has joined automobile row and his car, (a Ford of course,) is at the service of the public at all hours. He will be in attendance at all trains but the regular down town stand will be on Broadway, at the Democrat office. Orders can also be left at Winter's cigar store. Telephone numbers, Redwood 324-L or 303-J will bring Ford with his Ford.

For the purpose of individualizing our product and also for the reason to link it closer to the name of our plant, we have decided to re-christen our popular "Bohemian" and call it plain "Buffalo Lager."

On April 1st of this year our new Bottled Beer will be put on the market dressed in the New Label. It is our endeavor that the new label shall represent extreme care in brewing and expert inspection at every stage of production from the raw material to the packing for marketing. Only the best materials are used for the manufacture of "Buffalo Lager," which coupled with up-to-date methods in the art of brewing will present to the beer drinking public a Table Beer "par excellence."

THE VALUE OF "HIGH ART"
Or Whrt Is In a Name

"HIGH ART" is the name of a make of clothing that stands for quality and value.

It is a make that is not well advertised because the manufacturers are conservative.

They believe in putting their money into the fabric, rather than into advertising, whether they are right in doing thus is another question, but one fact is certain:

THEIR GARMENTS CAN NOT BE EQUALED ANYWHERE.

See them for yourselves.

He was 96 years old at the time of his death. Mr. Morrison often told his friends he would round out the century mark, but as man proposes and God disposes, he did not live to accomplish his purpose. The location of a new water supply for the Menlo Park, Atherton and Woodside districts, which will be available when $250,000 is spent in erecting a first-class pumping plant and installing supply pipes in every part of the district, was announced yesterday by R. E. Mulcahy, who with others has been working for some time on the problem. At first it was thought that the Bear Gulch water system could be use to take care of the three districts. An investigation, however, disclosed the fact that the Bear Gulch supply, at its fullest capacity, could not care for more than the present number of consumers. The new source, says Mulcahy, can be used to supply most of the peninsula section, if necessary. The water, it is said, is pure and devoid of any brackish taste, and can be supplied at a much lower rate than is being charged at present. The committee expects to apply at once for a charter, so that it can proceed with the organization. By the first of the new year, they say, the plant will be working. The three districts at present are supplied by the Bear Gulch.

Rue Wins First Round.

Judge Buck yesterday granted a non suit in the election contest of Frank J. Bernardo against Joseph Rue on the ground that no fraud was shown on the part of the election officers. The plaintiff and defendant were candidates for trustee of Halfmoon Bay high school at the election held on April 14. The contest resulted in a tie vote. The votes were canvassed by the election board and neither of the candidates was found to have a majority. About twenty-six hours afterwards the board met and gave two votes that were thrown out by the election officers to Joseph Rue and declared him to be duly elected. Bernardo then instituted the suit. Much interest was manifested in the case yesterday, for nearly half the population of Halfmoon Bay was here at the trial. Considerable feeling was shown on each side of the controversy. Ross & Ross appeared for the plaintiff, while Rue was represented by Richard Barrett. The case may be appealed to the Supreme Court.

On Thursday Judge Buck granted a peremptory writ of mandate in the case of Eugene B. Lorton and others against Auditor W. H. Underhill and yesterday County Clerk Nash delivered to Lorton the warrant of L. Q Haven for $485. When Haven completed his work as expert of the grand jury last winter, his warrant was attached by Lorton and others. Auditor Underhill would not pay the warrant until the matter was legally adjusted in court. The delivery of the warrant by direction of the court yesterday has closed the affair.

BOARD OF SUPERVISORS.

Continued from first page.

the clerk write to the water company offering the board's assistance in getting a consignment of the animals and proffering co-operation in their protection.

Chairman Brown stated that all of the right of way had been secured for the second section of the road from Belmont to Crystal Springs lake. It was ordered, on motion of Blackburn, seconded by Brown that the clerk advertise for bids for grading the road.

It was ordered, on motion of Francis, seconded by Blackburn, that Chairman Brown be authorized to purchase certain culvert pipe for the use of his district.

The following named liquor dealers, having complied with the law and furnished the necessary bond, were granted licenses:

First township—Frank P. Russi, Colma; John Tiedman and Manuel Vernengo, Colma; J. B. Demartini, Colma.

Third township—Percy R. Weeks, La Honda; Charles Kreiss, Woodside.

Fourth township—J. V. Azevedo, Halfmoon Bay; John Flink, Faralone; John Fletcher, class C, Granada.

The following applications for liquor licenses were given first reading and will be acted upon a month hence:

First township—John Biggio & Sons, Colma; F. P. Brass, Colma; Andrew Buerk, San Bruno.

Fourth township—Johanna Quinlan, Halfmoon Bay.

A map was filed by the Western Metropolis Homestead Company of its ten-acre tract in the First township and the same was accepted for record on motion of Casey, seconded by Francis.

The report of the viewers of the road from Halfmoon Bay to Pescadero was taken up.

A petition signed by J. C. Williamson and other residents of the Fifth township was read, asking that no change be made in the route of the road from San Gregorio to Pescadero.

J. V. Neuman, Alvin S. Hatch and Edgar A. Shaw, the viewers, gave testimony as to the awards made by them for damages, after which the hearing was continued until the next regular meeting and in the meantime the board and the viewers and the advisory committee will make a personal inspection of the changes that have been suggested and which are opposed by certain residents of the Fifth township.

It was ordered on motion of MacBain, seconded by Casey, that all of the bids for the Woodside road be rejected excepting those of Clark & Henery, whose bid is accepted, and that they be awarded the contract to construct the road according to the following specifications: From Redwood City to the Menlo Country Club, concrete base four inches in thickness with wearing surface of asphaltic concrete one and one-half inches thick; from the Country Club to the end of the road at the old "Adobe House" at Woodside, the specifications call for four inches of asphaltic concrete.

The cost of the work will be $69,734. This is a saving of $14,000 on the bids previously received and rejected. The contract for the Belmont road is $300 less than the former bids which were rejected.

Plans and specifications for paving section No. 1 of the Colma to Edgemar road, four-tenths mile, were presented by Surveyor Neuman and adopted on motion of Casey, seconded by MacBain, and the Clerk directed to publish a notice to contractors, calling for bids.

The selection of a site for the county jail was laid over until the next meeting, and in the meantime owners of property suitable for such purpose are requested to submit propositions to the board.

District Attorney Swart presented documentary proof that elections had been held in the Burlingame and Montara school districts on April 3d and in the first named district $26,000 was voted and in the latter $3000 was voted for school purposes.

Resolutions were adopted on motion of Francis, seconded by Blackburn, establishing the result as presented and ordering that bids be received for the bonds May 18th.

Blackburn was granted permission to purchase four pieces of twelve-inch corrugated pipe, forty feet long, and one piece thirty-six inch, forty feet long, for use in his district, and also to replank the Point New Years bridge.

It was moved by MacBain and seconded by Blackburn, that a number of claims for supplies for the county motorcycle officers be rejected. The motion was lost and it was ordered that the claims be submitted to the District Attorney for his opinion as to their legality.

On motion of MacBain, seconded by Brown, the claim of John Wohlers for inspecting the Chinese cemetery was rejected, Casey voting no.

Blackburn moved that the claim of A. L. Young be paid. The motion was seconded by MacBain and lost.

On motion of MacBain, seconded by Francis, the claim of S. F. Bloom for $55.50 for work in the Fifth township was rejected as being excessive
